

Market-leading expertise in the import and trade of high-quality pharmaceuticals

As a dynamically developing company with an international footprint, the MPA Pharma group's core activities are in the reimport and parallel import of EU medicinal products, trade with pharmaceuticals and medical devices, as well as contract manufacturing services for third parties. As a market leader we have 35 years of excellence and expertise in the pharmaceuticals market. Our strong partnership ethic in dealings with customers, the long-standing, extensive expertise of our around 640 employees and our comprehensive product range of around 2,900 articles offered on fair terms form the basis of our long-lasting and successful business relationships.

Our product range includes patented and non-patented products, generic products, and over-the-

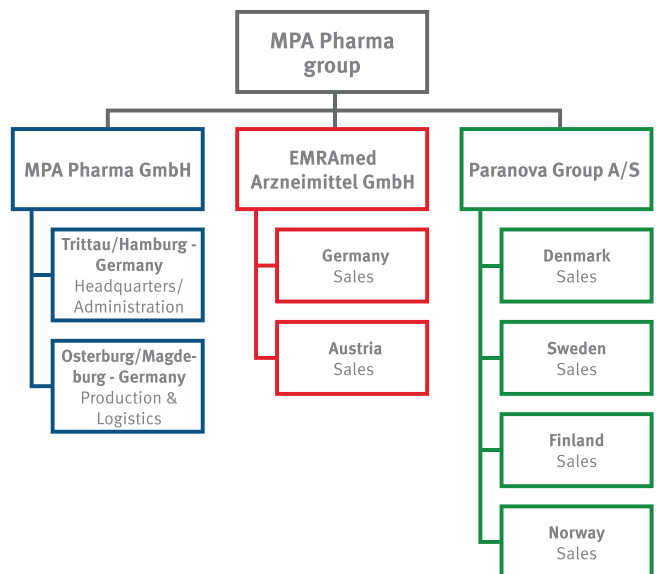

counter EU pharmaceuticals, narcotic drugs and medical devices.

Experience and commitment translate to international success

The MPA Pharma group is owner-managed and its headquarters is located in Tritttau, near Hamburg in Germany. It is the sole parent company

- ▶ of the distribution subsidiary EMRAmed, which is based in Germany and operates in the German-speaking world
- as well as of
- ▶ the Scandinavian Paranova Group A/S, which is domiciled in Denmark and has distributors in Denmark, Sweden, Finland and Norway.

We identify market trends and take far-sighted action

We rate new business opportunities as part of our dynamic development and retain our distinctive values as a family run business.

We provide the best value for money as well as secured and controlled processes for our customers and business partners throughout our value chain.

We stand up for our promise **'The MPA Pharma handshake counts'**. At the MPA Pharma group, we are guided by the philosophy and values laid out in our guiding principles, which are mandatory – in all aspects of our daily work.

INFOBOX

Our Philosophy

- + We offer market-leading expertise
- + We value partnerships based on fairness
- + We deliver on our philosophy of 'quality in every respect'
- + We stay open to new business opportunities

MPA Pharma stands for premium quality and professionalism

Safety and quality are of highest priority for us.

MPA Pharma is an authorised manufacturer of pharmaceuticals and hence subject to the highest quality assurance standards. We monitor and document all steps of the process, as well as the professional behavior of our business partners – in line with our philosophy 'quality in every respect'.

All EU pharmaceuticals produced by MPA Pharma and distributed by its subsidiaries EMRAmed and

Paranova comply with the relevant national drug law or the requirements of the European Medicines Agency: The distribution of nationally licensed EU pharmaceuticals in the form of parallel imports requires the approval of the national competent authorities. For centrally authorised pharmaceuticals, a notice of a completed notification procedure must be granted by the European Medicines Agency.

Since 9 February 2019, we are implementing the Falsified Medicines Directive and hence increase patient protection: each prescription-based medicine repacked by MPA Pharma receive a 2D code with plain text and a tamper-evident closure.
